A CHANGE IN
MANAGEMENT

Sale Yesterday of Creamery
Store

THE BUSINESS HAS GROWN

Store Now Carries Stock
Many Times Greater
Than It Did a Few Years
Ago — New Owners Are
Well Known Young Men

The Creamery store changed hands
yesterday and from now on its new
proprietors will be Porfirio and Feliz
Oviedo. Nominally, they have had
charge of the business since the first
of the month but the papers were not
transferred until yesterday, the deal
being made through the agency of A.
Nilsen & Co.

The two new proprietors are both
young men and well known in the
Tempe district. Feliz has been with
Mr. Blount, the former owner of the
store practically ever since he started
in business there. He is consequent-
ly familiar with both the stock and
the trade and is particularly well
adapted to take partial charge of the
business. The other proprietor has
been with Birchett Bros. for several
years and consequently is also famil-
iar with the grocery business. The
two young men form a strong com-
bination and there is no question but
that the business under their man-
agement and ownership will prosper
as well as it has when Mr. Blount
was the owner. During the several
years that Mr. Blount has had the
store there, the business has grown
wonderfully until today the stock car-
ried is many times greater than it
was when Mr. Blount took possession.
Porfirio Oviedo has resigned his posi-
tion with Birchett Bros. and the two
brothers now have assumed ac-
tive management of the establish-
ment.

The store is located at the plant
of the Pacific Creamery company
east of Tempe and while it has no
connection with the creamery busi-
ness, it is of immense advantage and
accommodation to the many ranchers

WANTS HER
LETTER
PUBLISHED

For Benefit of Women who
Suffer from Female Ills

Minneapolis, Minn.—“I was a great
sufferer from female troubles which
caused a weakness and broken down
condition of the system. I read so
much of what Lydia E. Pinkham's Ve-
getable Compound had done for other
suffering women I felt sure it did help
me. My pains all left me. I
grew stronger, and within three months
I was a perfectly well woman.”
“I want this letter made public to
show the benefit women may derive
from Lydia E. Pinkham's Vegetable
Compound.”—Mrs. JOHN G. MOLDAN,
215 Second St., North, Minneapolis,
Minn.

Thousands of unsolicited and genu-
ine testimonials like the above prove
the efficiency of Lydia E. Pinkham's
Vegetable Compound, which is made
exclusively from roots and herbs.
Women who suffer from those dis-
tressing ills peculiar to their sex should
not lose sight of these facts or doubt
the ability of Lydia E. Pinkham's
Vegetable Compound to restore their
health.

If you want special advice write to
Mrs. Pinkham, at Lynn, Mass.
She will treat your letter as strictly
confidential. For 20 years she
has been helping sick women in
this way, free of charge. Don't
hesitate—write at once.

and dairymen who make daily visits
to the creamery. That it carries some
stock is evident from the fact that
the reported consideration in the
transaction was in the neighborhood
of \$3000.

Mr. Blount will shortly move to the
north side of the river where he will
make his home and where his fam-
ily has already taken up its resi-
dence. Mr. Blount was fortunate
enough some years ago to make a
purchase of land on the north side
when land was worth much less than
it is today. That fact is largely the
reason why he is willing to dispose
of a good paying and well established
business here.

Winter Season Opens
At the Opera House

With Vaudeville and Moving Pictures
Again Tonight.

The Goodwin opera house opened
the winter show season Wednesday
evening with moving pictures and
vaudeville and of the large number
who attended, no one was heard to
complain that he did not get his
money's worth. In addition to three
reels of moving pictures, there were
three vaudeville acts, all of them
good. In addition to these features
there was in addition, one Hayes of
the troupe of Hayes, Roberts and
Hayes, who could pound a piano some-
thing there ever was a machine artist.
If this man Hayes is certainly it.

The three vaudeville features were
“Frederick the Great,” Hayes, Roberts
and Hayes, and Harrison Bros. The
first act was the usual good troupe
tricks that are always mystifying and
some others that are new and old.
He proved himself a very clever man
in his line of work.

The stunt by Hayes, Roberts and
Hayes consisted of songs, dancing
and ragtime, piano playing. The
Harrison Bros. put on a very clever
little sketch entitled, “The Matrimonial
Agent.” It was announced that the
same performers will appear again
tonight and tomorrow night in en-
tirely new and different acts.

Rig Dissappeared
Was Found at Home

It Was Either Lost, Strayed or
Stolen.

Ellis Pew and Rastus LeBaron of
Mesa attended the show here Wed-
nesday evening. They came down to-
gether in a rig and left the outfit
on the street while they were at
the performance. When they got
ready to go home again, they dis-
covered to their grief that the horse
and buggy was missing. They secur-
ed the services of Ray Nichols and a
machine and making a wide detour
between here and Mesa, spent a good
portion of the rest of the night in
search for the missing animal. Finally
giving it up as a hopeless task they
returned to the livery stable from
which the conveyance was secured
and found the horse and buggy there
intact. It had arrived there without
a driver and the indications were
that it had either been driven to
Mesa and turned loose or had broken
away from the hitching post here
and wandered home again.

Funeral Services
Of Leonard Cole

Will Be Held This Afternoon at One
O'clock at Baptist Church.

Funeral services over the remains
of Leonard Cole, the son of Mr. and
Mrs. C. C. Cole, who died early Wed-
nesday morning after an illness of
but a few days, will be held this
afternoon at one o'clock at the Baptist
church. The services will be con-
ducted by Rev. R. L. Creal, the pas-
tor of the church. The remains, accom-
panied by the mother and sister, will
be shipped to Kansas City, Mo., for interment.

In the death of Leonard Cole there
was a beautiful example of Christian
faith. An hour or so before he pass-
ed away he told his mother he felt
that he was going to die; he told her
he had tried to help make a home
for her here on earth and that he
was going above to help prepare a
home for her there. He passed away
murmuring the first lines of “Nearer
My God to Thee.” The young man
was a conscientious member and an
earnest worker in the Baptist church.

SHEDS SOME LIGHT.
Henry Schosbush reports that
Wednesday evening about half past
ten he was coming to town from his
ranch where he met a runaway rig.
He narrowly avoided a collision. The
buggy was unoccupied and the
chances are this incident sheds some
light on the disappearance of the rig
belonging to the two Mesa young
men.

CUTICURA CURES
STAY CURED

First Father is Cured of an Erup-
tion that Burned and Itched Day
and Night. Then Baby is Cured
of a Distressing Rash.

Neighbors Pleased to Find a Sure
Cure for Skin Afflictions.

“I suffered for eight years with what the
doctors called the ‘seven year itch.’ This
was like small red pimples such as form on
the face but they burned and itched day and
night. These pimples were from my ankles
up, but mostly on my thighs and arms. I
tried doctor after doctor but their medicines
brought no relief. But at last I struck the
right treatment. This was Cuticura. I
bought a set of the Cuticura Remedies—Cut-
icura Soap, Ointment and Pills—and a few
applications brought relief. When I had used
about half the set I was nearly cured and af-
ter using two full sets I was well and best of all, I
have stayed cured.”

“About four months ago, our baby began
to be covered with rash and his head with a
spreading sore. Back of the ears, the flesh
cracked open and the poor baby would
scratch till it bled. He worried, cried and
could not sleep. But at last I struck the
right treatment. This was Cuticura. I
bought a set of the Cuticura Remedies—Cut-
icura Soap, Ointment and Pills—and a few
applications brought relief. When I had used
about half the set I was nearly cured and af-
ter using two full sets I was well and best of all, I
have stayed cured.”

A single set of Cuticura Soap and Ointment is
often sufficient to cure the most economical
treatment for affections of the skin and scalp. Sold
throughout the world. Foster Bros. & Chem. Corp.,

HIS ARM CRUSHED.

A letter received here yesterday
brought the information that a couple
of days before Willie Hyde, formerly
of this place but who is now work-
ing at Humboldt, suffered a serious
accident. He caught one arm in a
belt pulley and had it crushed below
the elbow. The letter did not give
any of the particulars and it is not
known whether or not amputation
was necessary.

A PERMANENT THING.

Postmaster Mullen announces that
the experiment outlined in yesterday's
paper has now become permanent and
is large in its scope than was at
first contemplated. Hereafter all east
bound mail that is in the office be-
fore 9:45 will go out on the ten
o'clock train instead of being held
until the afternoon and evening
trains.

“IT BEATS ALL”

This is quoted from a letter of M.
Stockwell, Hannibal, Mo. “I recently
used Foley's Honey and Tar for the
first time. To say I am pleased does
not half express my feelings. It
beats all the remedies I ever used. I
contracted a bad cold and was threat-
ened with pneumonia. The first doses
gave great relief and one bottle com-
pletely cured me.” Contains no opiate.

gists.

**RETURNS FROM BANKERS'
CONVENTION.**

J. G. Spangler has returned from the
bankers' national convention, which
convened in Los Angeles last week.
According to Mr. Spangler, the gather-
ing was the most successful ever held
in the history. The Los Angeles spirit
of entertainment prevailed and while
the disaster connected with the de-
struction of the Times building and the
loss of life in a manner dampened the
ardor of the citizens, yet the enter-
tainment furnished the visitors has
never been excelled. In Los Angeles
those who are familiar with the Los
Angeles way of being the host at any
convention in that city will understand
the full force of the three words “never
been excelled.” Delegations were
present from all over the United States,
some of the greatest financiers in the
country being on the floor of the con-
vention.

MESA DEPARTMENT

OF TAXATION

Rate Is Three Cents Lower
Than That of Last Year

SCHOOL TAXES ARE HIGHER

General Taxes Forty-Seven
Cents Lower Than Last
Year — Poll and Road
Taxes Collected in a Sys-
tematic Manner.

Within the last few days property
owners of the Mesa section have been
in correspondence with the county tax
collector, or rather the county tax col-
lector has been sending to every prop-
erty owner a postcard on which the
amount of the taxes for 1910 owed by
the recipient of the card may be seen.
There is possibly no other subject
which interests the general public as a
whole, year in and year out, as much
as taxes, and it is a subject which is
next to impossible to present in an
entertaining manner and in such a
shape that it will be understood by all
who read.

In making comparisons the tax rate
of last year and the present year are
taken into consideration. It is found
that the tax rate this year is 3 cents
lower on the hundred than last year,
these figures of course being applica-
ble to property owners within school
district No. 4.

However, in order to get into detail
the following table is given as the tax
rate for 1909:

Territorial purposes	\$.80
Territorial refund bonds	.10
Territorial road fund	.25
County general fund	.65
County general school fund	.70
County general road fund	.20
Center street bridge	.32

Total.....\$3.02
Mesa high school maintenance.....\$9.48
Mesa high school manual training.....10
High school bond interest.....18
Dist. No. 4 bond interest.....12

Total tax rate for 1909.....\$3.88

The following is the itemized tax rate
for 1910:

Territorial purposes	\$.70
Territorial refund bond interest	.10
Territorial road fund	.25
County general fund	.65
County general school fund	.65
County general road fund	.25

Total.....\$2.55
Mesa high school maintenance.....\$9.68
High school bond interest.....15
District No. 4 bond interest.....21
High school manual training.....24

Total.....\$3.83

As will be observed one of the im-
portant items in the high school
maintenance, \$12,500 having been as-
signed against the district this year.
Of this amount \$7,425 is for teachers'
salaries, the remainder being for gen-
eral expenses for the year. The rate
for the county and general territorial
taxes is 47 cents less than last year.
The local school district rate this year
is 42 cents higher. The above rates
are figures on the hundred dollars of
taxable property, the assessed valua-
tion approximating about one-fourth
of the real value.

Another item which should be taken
into consideration this year is that the
poll and road taxes are collected by
the county treasurer. Heretofore these
taxes have been collected by the road
overseers of their respective districts.
These items mean an increase of \$4.56
on each property owner subject to the
above items of taxation.

Consolidation Gas
And Electric Cos.

SOUTH SIDE GAS COMPANY WITH
CAPITAL OF \$250,000.

Better Electrical Facilities and Prob-
ably Lower Rates.

At a meeting in the offices of the
South Side Gas company in this place
yesterday afternoon the stockholders
of the three concerns represented in
the negotiations ratified the action of
the directors several days ago where-
by the South Side Gas & Electric com-
pany with its capital stock increased
to \$250,000 takes over the stock of the
Tempe Light & Power company and
the Mesa Light & Power company.

For sometime the proposition of con-
solidation has been in progress. The
similarity of the two concerns and also
the fact that individuals owning stock
in the light and power companies are
likewise stockholders in the gas com-
pany naturally resulted in a combina-
tion of interests. The similarity of the
market in which the products of the
two concerns are consumed is also an-
other advantage in consolidation.
The general public on the other hand

will be benefited by a general im-
provement in electrical service, with a
probability of lower rates.

**AMERICAN WOMAN'S LEAGUE
MEETING.**

The Mesa chapter of the American
Woman's league met Wednesday after-
noon at the home of Mrs. William Ross
and was presided over by Mrs. Mary
Johnson, vice president. Four new
members were reported who will be
quite an acquisition to the chapter,
three of them making application of
the Chautauqua reading course which
is now affiliated with the league.

A building site for a chapter house
was discussed, also a reading course
for chapter meetings as well as social
matters. There are now sixteen mem-
bers in the league.

TRUTH CROPS OUT.

Why Pile Sufferers So Often Fail To
Get Relief.

Science is getting to the bottom of
everything, including the cause and
cure of piles. The brightest doctors
now admit that piles are caused in-
ternally and can be cured only by in-
ternal treatment. Dr. J. S. Leonard
some time ago perfected a remedy
in tablet form—Hem-Roid, which
cures the cause of piles, and there-
fore cures piles permanently. It is sold by
Lockett Drug Co., Phoenix, Ariz., un-
der money-back guarantee. \$1.00 for
24 days' treatment. Dr. Leonard

VISITING UNCLE.

G. L. Harris has arrived in the city
for a visit with his uncle, D. B. Dod-
son. Mr. Harris is seeking a clerical
position and comes to Mesa from Ce-
derville, California.

RETURNED EAST.

E. H. Bishop who arrived with his
family a few days ago from Fort Smith,
Arkansas, returned to his home in the
east yesterday, leaving his family here
for the winter. Mr. Bishop is a nephew
of D. B. Dodson, the proprietor of the
second hand store.

STOLEN HARNESS RECOVERED.

A few days ago a Mexican giving the
name of Ramon Gonzales arrived in
Mesa and disposed of a set of Shet-
land pony harness to the Morden sec-
ond hand store proprietor for a small
figure. The transaction created some
suspicion at the time and Marshal Pe-
tersson was notified of the deal. He got
in connection with the sheriff's office
and soon had information to the effect
that the property had been stolen.
Frank Ferguson came up from Phoe-
nix, identified the harness and stated
that they had been stolen from the
Star lodging house in the capital city.
Ferguson is a prospector, The Mexi-
can who disposed of the goods can-
not be located.

Farmers' Institute
Last of the Month

Professor Clothier Names a Date Ac-
ceptable to Him.

Professor Robertson is in receipt of
a communication from Professor R. W.
Clothier of the territorial university to
the effect that if convenient he and his
corps of lecturers can be at this place
the latter part of the present month
probably commencing the night lec-
tures of the farmers' institute about
the 24th. The matter is in the hands
of Professor Robertson and Professor
Clothier to arrange as far as dates
and place of meeting are concerned.
In all probability the place of meet-
ing will be in the union high school,
the same as last season, and the above
date will likely be the one on which
the lectures will commence. It is un-
derstood that Tempe will this year
share in the lecture, arrangements be-
ing made to deliver a lecture there in
the afternoon and here at night. It
has been demonstrated that the ranch-
ers of this section are interested in the
institute and it may be considered a
regular feature so long as there is a
manifested enthusiasm in the lectures.

LITERATURE AT CONVENTION.

The Mesa chapter of commerce yester-
day expressed 200 pounds of de-
scriptive literature of Mesa and the
Salt river valley to W. H. Salyer at
Topeka, Kansas, where he is at present
in attendance at the convention of
Christian ministers of the state of
Kansas. It is anticipated that there will
be several thousand delegates at the
convention, Rev. Morris M. Blair of
this place being the Mesa representa-
tive. Mr. Blair as well as Mr. Salyer
may be depended upon to boost for the
Salt river valley at all times.
